GOVERNOR JEFF COLYER, M.D.

Greetings:

On behalf of the great State of Kansas, it is my pleasure to welcome you to the Blue Dragon International Consultants, LLC Conference in Wichita, Kansas.

As Kansans we owe an enormous debt of appreciation and gratitude to the men and women in law enforcement who daily put their lives on the line to protect our families, friends and neighbors. I am extremely proud of those individuals who selflessly and faithfully serve their fellow citizens and applaud each of you for having the courage and strength to shoulder that burden.

I commend Blue Dragon International Consultants for their commitment to invest in such an extraordinary training program for law enforcement. The Winning Mind and a Bulletproof Heart event will be life altering. As experts share their experiences and knowledge, participants will be emboldened to fulfill their responsibility when called to step to the forefront the moment citizens are threatened and in harms way.

Please accept my heartfelt thanks to you for a life committed to protecting the lives of others.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeff Colyer".

Jeff Colyer, M.D.
Governor
